

{loadposition inner1}

Model Name

MMP-9090 TURBO EXTREME

Product Size

400mm (W) x 116mm (D) x 416mm (H)

Weight

5.6kg

Rated Voltage

100-240V a.c 50/60 Hz

Power Consumption

Adjustable from 85 to 375 watts (55 adjustable levels)

Purifying Mode

TM Filtration Mode.

Super Water

Capable of producing water from 1.8 ph to 12.2 ph (varies by source water)

Extraction Construction

Flexible pipe

Display Unit Configuration

6-phase alkaline water.

• water purification.

• 2-phase acidic water.

• under cleaning.voice.

• filter replacement display.

• pH concentration level display.

Addition Function

Electronic extraction construction.

Operating Pressure Range

0.4 ~ 0.5MPa
